

January 11, 1978

LB 160

you begin to consider whether or not to adopt this amendment.

PRESIDENT: Senator Barnett.

SENATOR BARNETT: Could I have the Clerk read the place where this amendment is, where it fits in. Pat, could you read the amendment so we can....what page?

CLERK: The amendment is, Senator, on page 4, line 4.

PRESIDENT: Okay, that is under the one copy, Bill, is that right? That is under one copy. Okay, thank you.

PRESIDENT: Senator Keyes.

SENATOR KEYES: Yes, Mr. Speaker, I am going to try to figure out what the people of this Legislature, what the members of this Legislature are trying to do. We sit here this morning and we hamstring ourselves, as Senator Charters so well said, and then we come along and start to the other subdivisions of government and start giving out and giving out and giving out. The best thing that we can do with this bill as it is written right now, and as it is amended, and it will keep on, as Senator Stoney said, log rolling and people will put on more things that they are going to give away. The best thing we can do right now is take up the motion that I have up there to indefinitely postpone this and get rid of it, and if Mr. Dunlevey can't afford to buy a set of statutes, let him come to me and I will give him one out of my office over here. I have one in my office and one in my researches' office and I will give him the one out of mine so he can have them. I move that we just bring that and indefinitely postpone this bill.

PRESIDENT: Have you got a motion to.....

SENATOR KEYES: I have got a motion up there to do that.

PRESIDENT: All right. We will take that up. Take it up. Indefinitely postpone the bill. It indefinitely postpones 168. What is it to read it. We have to dispose of Senator Brennan's motion first and then we will take yours up immediately, Senator Keyes. Any further discussion of Senator Brennan's motion. Senator Brennan, would you like to close?

SENATOR BRENNAN: I would like to ask Senator Stoney a question if he will yield.

SENATOR STONEY: Yes, Senator Brennan.

SENATOR BRENNAN: Can you name any other court in the state that doesn't have a set of law, the Clerk doesn't have a set of law books. Where do you think the law goes?

SENATOR STONEY: It has taken them until 1978 to determine that they needed a set of law books or have they made this request traditionally on a perennial basis?

SENATOR BRENNAN: I don't know of any other request was ever made for it.

SENATOR STONEY: How long have they been in operation, Senator Brennan? Is this their first year?
